Report of Forest Fire Warden

Forest Fire Prevention Pays Dividends

Most forest fires are preventable because someone is responsible for them. State records for 1950 show 94 per cent of 632 fires resulted from human perversness and carelessness. Refusal to secure the required warden permit before burning; failure to use good judgement, lack of equipment and assistance while burning; carelessness in smoking and poorly conditioned woods equipment (trucks, tractors, etc.) resulted in a total of 6090.6 burned acres with a loss of \$63,949.10 in valuable property.

Fortunately, these human factors can be dealt with because people can be reached. This the local forest fire warden tries to do by informing his fellow citizens that

EVERYONE MUST:-

1. Secure a written permit to burn in or near woodlands when the ground is not covered with snow.

2. Use good judgement in burning and have enough equipment and assistance to keep fire under control at all times.

3. Be careful when smoking in or near woodlands and refrain from throwing lighted material from automobiles.

4. Make certain that all equipment used in the woods is in good condition.

His success depends entirely upon public reaction to his appeals. He does his part—the rest depends upon YOU and

YOUR compliance with burning requirements

YOUR care with YOUR fires and YOUR smoking and

YOUR care of motive equipment you use in the woods.

It all aids, materially, in reaching the desired goal,
the

PREVENTION OF FOREST FIRES

because—PREVENTION PAYS DIVIDENDS

Number of local fires 2

Number of acres burned 5

Superintendent's Annual Report

To the School Board and Citizens of South Hampton.

I take pleasure in submitting this my first report as Your Superintendent of Schools.

The past year has brought many changes in the national and local educational outlook. The present international and economic situation is conducive to lack of stability. Price increases in cost of living and practically all other items cannot help but be reflected in the school district's budget. It is hoped these factors will be given careful consideration.

As part of this report there is a page devoted to Return of District Revenue which shows the actual budget that the School District is using for the current year (1950-51).

South Hampton's share of the Supervisory Union expenses this year (divided equally between equalized valuation and average daily membership) will be approximately four percent.

Teachers

You are indeed fortunate in having and holding teachers who are doing excellent work not only in the classroom but in their public appearances. The school is a natural community center and the School Board and Teachers are to be complimented for their efforts to make this true of South Hampton. The various programs during the holiday seasons is exemplary of this.

In closing I wish to thank the School Board, Citizens,

teachers and pupils for the friendly and cooperative spirit in which they have received me as their new superintendent.

Respectfully submitted,

LOUIS L. RAMSAY,

Superintendent.

Report of Music Supervisor

To the Superintendent and School Board, Citizens of South Hampton:

Children learn a great deal about music through songs, rythms, folk dances and games. These activities will add greatly to their enjoyment and understanding of music.

The "Barnard Minstrels" presented a minstrel show in the town hall in December. The money raised was used to obtain records and a microphone. Through the cooperation of the teachers, parents and pupils the program proved successful.

The children have profited and gained much pleasure from the new books in both rooms.

Mrs. Currier is continuing with her tonette group and Miss Bean has been carrying out her work with the rhythm band.

A folk dance club meets every other week and a number of new dances have been learned. It is hoped that a group will be able to attend the New Hampshire Folk Dance Festival this year as the children enjoyed so much demonstrating a dance at last year's festival at Gilford.

In addition to the above described work the usual program has been carried out. Each child has been given instruction appropriate to his grade in music theory, music appreciation, folk dancing and rhythm band work.

I wish to express my appreciation to the School Board, superintendent, teachers, parents, pupils and other citizens for their cooperation.

Respectfully submitted,

JEAN L. READIO,

Music Supervisor.

Health Supervision

To the Superintendent of Schools and the School Board:

Your School Nurse welcomes this opportunity to inform you in regard to what has been accomplished from the standpoint of health education during the past year. The children received the usual yearly physical check-up consisting of an examination of teeth, tonsils, posture, vision, and hearing as well as weighing and measuring.

Little Health Talks on timely subjects were given in the classrooms. Home visits have been made, and follow-up work carried out.

Probably no subject is of greater concern to parents and teachers than the health of the children in their care. The parents have shown an increased interest in establishing a closer relationship between school and home in the mutual striving for better health objectives.

The Maico Individual Audiometer, a recent acquisition of our Union, has been most useful not only as a hearing test, but as a check on the possible impairment of hearing caused by measles, ear infections, scarlet fever, etc.

In closing, I wish to express my thanks for the full cooperation of the parents, teaching staff, friends, and public organizations that have given time and enthusiasms toward the betterment of our health program.

Respectfully submitted,

CONSTANCE COOPER,

School Nurse.
